3M™ Reusable Paintshop Coverall

comfortable and breathable work wear

3M's 50425 reusable paintshop coverall provides user and garment protection in a wide variety of environments and situations. It compliments 3M's 50198 disposable coverall, which gives a higher level of protection, as demanded in the paint booth.

Extremely comfortable, the reusable paintshop coverall is made from lightweight, breathable polyester. It has wide leg openings with adjustable velcro straps, making it easy to put on and remove, even when wearing boots. Its robust, covered two-way zip features a storm flap with velcro fasteners.

Integrated knee pads protect users when working in a kneeling position, and the 3+2 pocket design provides two side pockets and one back pocket, and easy access to trouser pockets beneath the coverall.

- Lightweight, breathable polyester and elasticated waist give excellent user comfort
- Hood with neck cord provides protection for head and hair
- Built-in knee pads improve comfort and protect the user when working in a kneeling position
- Made from lint-free and silicone-free materials

Coverall made of lightweight breathable polyester material with extra breathable backside triangle, elasticated waist for better fit and hood with neck cord.

Lint-free knitted cuffs

Kneepads for protected kneeling on floors

Wide leg opening for easy access with boots, equipped with adjustable velcro fasteners
